## No More Free Lunch

For the last two years, all students across the nation have enjoyed free breakfast and lunch through the National School Lunch Program. **This will be ending in June.** Families should be prepared to pay for breakfast and lunch as in the past. It is also possible that the cost of meals could increase as the cost of food has also increased. We will be offering all families the opportunity to complete assistance forms at registration in July. This could reduce the impact on the family budget if found eligible. It is our goal to offer affordable and nutritious meals that all students will enjoy. **A letter with more information will be coming home with report cards on the last day of school.**
