From the Principal

Dear Families,
Many thanks to Kosciusko Community Hospital and Lutheran Health Network for organizing a Health Fair for 4th-6th grade students on Wednesday. Students were able to hear from health care professionals on a variety of topics: CPR, Importance of Exercise, Mindful Breathing, and Ways to Decompress. As progress reports come home today, please take time to discuss your child's report with him/her. Discussions can include strengths and subjects of interest as well as areas for improvement. It's never too early to talk with your child about how they learn best and what kind of activities they enjoy most. Try to help them set a simple goal for next grading period so they can finish strong! If you have questions or concerns, your first point of contact is your child's teacher. As some may be going out of town over break, please allow them time when they return to respond to any emails or texts. If you are traveling over the next week or so, please be safe! WE look forward to seeing you again March 30th.

IREAD-3

This week our third graders took IREAD-3, a state-required reading assessment designed to show proficiency in reading. Results should be available when we return from break. Families of students who did not pass will be notified by telephone and next steps will be addressed. There is a summer window available for students to retake the exam.
