### Free Meals Coming to a Close

For the last two years, all students across the nation have enjoyed free breakfast and lunch through the National School Lunch Program. **This will be ending in June.** Unless the federal government extends funding to include the 2022-23 school year, families should be prepared to pay for breakfast and lunch as in the past. It is also possible that the cost of meals could increase as the cost of food has also increased. We will be offering all families the opportunity to complete assistance forms at registration in July. This could reduce the impact on the family budget if found eligible. It is our goal to offer affordable and nutritious meals that all students will enjoy. **We do appreciate our cafeteria staff!**

### Pushcarts are Coming!

Many of our sixth graders have been reading *The Pushcart War* by Jean Merrill and are creating small businesses that will be open for business on **May 20th** at the Matchett Center. Students can bring their dimes and quarters to spend playing games and purchasing tasty treats and beverages during their lunch recess. These student-operated businesses will be competing to see which business can earn the most profits while giving our students practice in buying, selling, and counting money!
